Re. Land Use Permit MV2015W0018--Renewal

Attached is an application to renew the Digaa Enterprises Ltd (Digaa) Land Use Permit (LUP) MV2015W0018. The renewal of this LUP is to enable timber harvesting operations on the Forest Management Agreement, issued to Digaa by the Government of the Northwest Territories.

Please delete MV2015W0018 as part of the MVLWB renewal process.

Digaa has not conducted any harvesting operations on its LUP. There are no significant changes to the scope of the Project Description, only minor updates. Therefore; Digaa is requesting that this renewal application be exempted from the preliminary screening, as part of the MVLWB renewal process.

For information purposes, Digaa is in the process of preparing a Wildlife Management and Monitoring Plan (WMMP) to meet the requirements of the NWT Wildlife Act. Said WMMP will be submitted to the Government of the NWT, Ministry of the Environment and Natural Resources, Wildlife Division; independently from this LUP renewal submitted to the MVLWB. Once the WMMP is approved, it will be forwarded to the MVLWB.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Bob Head', written over a horizontal line.

Bob Head, Manager
