Dear Tyree Mullaney:

Type of Operation: Dust Suppression and Assessment Activities
Location: Former Ptarmigan, Tom, Tim, Crestaurum, Rodstrom, and Burwash Mine Sites
Name of Applicant: Department of Environment and Natural Resources, Government of the Northwest Territories

The Government of the Northwest Territories, Department of Lands, grants the Mackenzie Valley Land and Water Board (Board) consent to issue a land use permit to the above noted applicant, absent of a formal “Right to Occupy” agreement for the former Ptarmigan, Tom, Tim, Crestaurum, Rodstrom, and Burwash Mine Sites.

This consent is valid for the duration and purpose of the land use permit to allow for the carrying out of the operation at these sites and includes any future amendments and extensions approved by the Board for this land use permit, once issued.

We are satisfied that any terms and conditions that are recommended by our Regional Office Superintendent or Inspectors to the Board pursuant to Section 69 of the *Mackenzie Valley Resource Management Act*, for the issuance of this permit, will allow for the protection of the environment.
