**Subject:** RE: kmurray@mvlwb.com | North American Tungsten Corporation Ltd. - Cantung Mine - Type A Licence Renewal Application - Draft Work Plan

Hello,

Please see below GNWT-ECC comment on the draft work plan:

### Topic: Work plan

#### Comment:

GNWT-ECC has reviewed the draft work plan the Board submitted and noted that a technical session is not being proposed. GNWT-ECC supports the removal of a technical session and would add that a public hearing may also not be needed as issues or discussion items would likely be included in the concurrent Type B process (MV2023L2-0001). As mentioned, it is GNWT-ECC's understanding that there may be a technical session and/or public hearing associated with the aforementioned MV2023L2-0001 Type B proceeding however no work plan has been provided to date. As a result, the absence of a final work plan for that proceeding may impact other Parties' ability to comment on this work plan given the overlapping nature.

#### Recommendation:

N/A

Thank you,  
Shakita
