Re: Site Access at Fisheries and Oceans Canada (DFO) Fort Simpson Site (DFRP 20789 / C L 02195) in Fort Simpson, Northwest Territories

To the Mackenzie Valley Land and Water Board:

Environmental drilling, sampling and remedial excavation work is proposed at the following DFO site in Fort Simpson, NT:

- Lot 169, Plan 804

SLR Consulting will be coordinating and supervising the environmental drilling and excavation work on behalf of DFO (through Public Services and Procurement Canada). DFO has given SLR Consulting permission to access the site in order to complete the drilling and excavation work.

I trust this information is of assistance. Should you require any further information on this matter, please call me at 204-583-2785.
