Dear David Cornish,

Re: Trinex Lithium Ltd.– Land Use Permit – New Application – Incomplete – Mineral Exploration – Ross Lake Area

On May 13, 2024, Mackenzie Valley Land and Water (Board) staff received the Application Package (Application) for a new Land Use Permit (Permit) MV2024C0014¹ for the Ross Lake Project (Project) from Trinex Lithium Ltd (TLL)

Board staff have reviewed the Application and identified missing information required for the Board to process the Application. For the Application to be considered complete, refer to the Application Form² and the Land and Water Board (LWB) *Guide to the Land Use Permitting Process* (Guide)³ and submit the following information to the Board's office:

1. [Engagement Plan](#): Engagement Plan needs to be submitted.
2. Is the Application submitted only for the Ross Lake Area or are you wanting to include Mac Claims and Halo Yuri Areas?

¹ See the MVLWB Online Registry for [MV2024C0014](#).

² See the MVLWB Apply for Permit/Licence webpage for the Land Use Permit [Application Form](#).

³ See the MVLWB Policies and Guidelines webpage for the LWB [Guide to the Land Use Permitting Process](#).

3. Will this be a summer only program? If a winter program is contemplated additional information is to be submitted.
4. Has the WMMP Screening Questionnaire been submitted to the Government of the Northwest Territories?
5. How will site staff be transported to site?
6. There is no mention of a camp is it correct to assume that staff will be housed in Yellowknife?
7. Application Fee: Submit the \$150.00 application fee to the Board office.

Upon receipt of this information, the Board will review the Application in accordance with the Mackenzie Valley Land Use Regulations (MVLUR). Unless TLL requests additional time, if this information is not provided within 90 days of the date of this letter, the Board will consider the Application withdrawn.
