Item Description

Board and Parks staff have prepared draft conditions for the water licences and permits associated with Canadian Zinc Corporation's All Season Road Project. Board and Parks staff have endeavored to mirror conditions as much as possible, so Parks drafts will not be significantly different from the Board's, except in cases where conditions specific to Parks' jurisdiction are included.

The purpose of these draft permits and licences is to allow reviewers to comment on possible conditions. These draft materials are not intended to limit, in any way, the scope of reviewers' comments.

The Board and Parks Canada are not bound by the contents of the draft Licences and Permits and will make their decisions at the close of the proceeding on the basis of all the evidence and arguments filed by all reviewers.

Reviewers are invited to submit comments, and recommendations using the Online Review System (ORS) by the review comment deadline specified below. Please clearly indicate which condition and Licence or Permit you are commenting on.

All documents that have been uploaded to this review are also available on our Public Registry. If you have any questions or comments about the ORS or this review, please contact Board and Parks staff identified below.

Item Description

Board and Permit staff have prepared draft conditions for the water licences and permit associated with Canadian Zinc Corporation's All Season Road Project. Board and Permit staff have endeavored to include conditions as much as possible in their drafts in order to address all concerns from the Board's request in water licence conditions submitted to Permit jurisdiction (ie. included).

The Outflow (11) and (14) permits and licence conditions are subject to a separate review process. Draft staff have a more detailed response to the comments and the scope of the Board's comments.

The Board and Permit Canada also not bound by the content of the draft permits and licences and will make their decisions at the end of the proceeding on the basis of all the evidence and arguments presented by all reviewers.

Reviewers are asked to submit comments and recommendations using the Online Review System (ORS) by the review comment feed we specified on the [Review Comment Board](#) and licence or Permit you are commenting on.

All documents that have been submitted to the review are also available on our Public Registry. If you have any questions or comments about the ORS or the review, please contact Board and Permit staff identified below.
