**SAHTU Land & Water Board
REASONS FOR DECISION
Issued Pursuant to Section 121 of
The Mackenzie Valley Resource Management Act**

Land Use Permit Number: S04A-006 (Type "A")

This is the decision of the SAHTU Land & Water Board with respect to a request for a Land Use Permit Extension dated, September 3, 2009 made by:

Husky Oil Operations Ltd.
707- 8th Avenue S.W.
Calgary, Alberta
T2P 3G7

for the undertaking of an Exploratory Well Drilling Project on M37 Sahtu Lands and under Exploration Licence 397, West of Stewart Lake and East of Summit Creek in the Tulita District.

With respect to this application, written notice was given to 16 organizations within the Sahtu and 12 outside of the settlement area in accordance with Sections 63 & 64 of the Mackenzie Valley Resource Management Act. There was no Public Hearing held in association with this application.

DECISION

The Board is satisfied that the project has had a Preliminary Screening pursuant to the Mackenzie Valley Resource Management Act; that the proposed project is not likely to cause any significant adverse environmental impact or be the source of any significant public concern. The Board, having due regard to the facts and circumstances, the merits of the submissions made to it, and to the purpose, scope and intent of the Mackenzie Valley Resource Management Act and Regulations made there under has determined that:

Land Use Permit S04A-006 be extended subject to the Terms and Conditions contained therein.

The Board's reasons for this decision are as follows:

1. Information contained in Staff Report S04A-006 No. 05 relative to environmental impacts and/or public concerns.
2. No significant public concern was made known to the Board.
3. Any disturbance to the natural conditions of the land in the area of the Exploratory Well Drilling Project will be temporary and can be minimized by conducting the undertaking in compliance with the Terms and Conditions imposed by the Permit.
4. The Sahtu Land Use Planning Board has confirmed that the proposed land use activity would not be inconsistent with an approved Land Use Plan because a Land Use Plan does not yet exist.
5. The use of the land proposed by the Permittee is of a nature consistent with the Mackenzie Valley Resource Management Act.
6. The undertaking will support the socio-economic well-being and economic development.

Land Use Permit S04A-006 contains provisions, which the Board feels necessary to ensure and monitor compliance with the Mackenzie Valley Resource Management Act and Regulations made thereunder and to provide appropriate safeguards in respect of the Applicant's use of the land affected by the Permit. The Board will provide any referenced material or documents and/or reasons for decision for any specific clause or clauses contained within the application if requested to do so in writing.

SIGNED this 20th day of November 2009 on behalf of the SAHTU Land & Water Board.
