Dear Ms. Sturman,

**Re: Husky Oil Operations
Water Licence – S04L1-006
Land Use Permit – S04A-006
Sah Cho L-71 Site Reclamation Work Plan
Request for Comment**

The Department of Environment and Natural Resources (ENR), Government of the Northwest Territories has reviewed the plan at reference based on its mandated responsibilities under the *Environmental Protection Act*, the *Forest Management Act*, the *Forest Protection Act*, the *Species at Risk (NWT) Act*, the *Waters Act* and the *Wildlife Act* and provides the following comments and recommendations for the consideration of the Board.

Topic: General

Comment(s):

ENR has reviewed the updated Work Plan for the Sah Cho L-71 site and notes that the Phytoremediation Validation Report submitted supports the recommendation to close the phytoremediation pad by backfilling. ENR has no further comments at this time.

Recommendation(s):

None.

Comments and recommendations were provided by ENR technical experts in the Water Resources Division and the Sahtu Region and were coordinated and collated by the Environmental Assessment and Monitoring Section (EAM), Conservation, Assessment and Monitoring Division (CAM).

Should you have any questions or concerns, please do not hesitate to contact Patrick Clancy, Environmental Regulatory Analyst at (867) 767-9233 Ext: 53096 or email patrick.clancy@gov.nt.ca.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Clancy', written in a cursive style.
