Dear Mr. Salewich,

Re: Husky Oil Operations Limited – Letter of Clearance – Summit Redstone 06-1 Seismic Program – EL 397 and EL 423 - 60 km SSW of Tulit’a, NWT

The Sahtu Land and Water Board (the Board) met on September 23, 2021 and reviewed the file for Land Use Permit (Permit) S06B-005.

The Board received a Final Plan for this land-use operation on November 27, 2020.¹ Subsequently, an Inspector conducted a final inspection indicating satisfaction with all aspects of the operation and recommends closure of the file.²

Final Plan - Approved

The Board has approved the Final Plan because it fulfills the requirements set out in subsections 29(1) and 29(2) and section 30 of the Mackenzie Valley Land Use Regulations (MVLUR).

Fees

The Board notes Husky submitted fees of \$5,300.00 for the Land Use Permit, including the \$150.00 non-refundable application fee. (Receipt #C144037³). Having considered the Final Plan, the Board has verified the land-use fees pursuant to 31(1) of the MVLUR for this land-use operation as follows:

Area Used (hectares)		Amount Due (\$)	
Total area used:	30.0	Application fee: (includes 2 hectares)	\$150.00
Total area paid for:	103	Land-use fees for additional hectares: (\$50.00/hectare)	\$1,500.00+
		Amount Paid (\$)	
		Application fee: (includes 2 hectares)	- \$150.00
		Land-use fees paid:	- \$5,150.00
Balance (Amount Due - Amount Paid):			<u>-\$3,650.00</u>

From the above calculations, the Board has determined that there has been an overpayment of land use fees in the amount of \$3,650.00. As set out in subsection 31(2), the Board is copying this letter of clearance to Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) – Department of Finance for the refund to be processed.

Clearance Granted

The Board has granted final clearance of Permit S06B-005 because the requirements of the MVLUR and the conditions of the Permit S06B-005 have been met, and the Inspector has recommended final clearance. By issuing this Letter of Clearance for Permit S06B-005 the Board considers the Permit closed under section 33 of the MVLUR.

There were no securities required for this permit.

Yours sincerely,
