200, 16-11 Avenue S
Cranbrook, BC V1C 2R7

Attn: Tim J. Termuende

**RE: Land Use Permit S07C-005 and S07C-006
Fuel Cache**

Dear Tim J. Termuende,

An inspection of the above noted operation was conducted on September 11, 2013 by the undersigned. Enclosed is a copy of the Environmental Inspection Report.

Please be advised that both your permits expire on June 17, 2014. Conditions attached to your permits set out the responsibilities for abandonment and restoration. All equipment, supplies, fuel, etc... must be removed before this date. It is unrealistic to think that this can be done in such a short time given the magnitude of the undertaking. As a result, I would like to discuss your plans on removal of your equipment, supplies at your earliest convenience.

I can be reached at Stephen.Deschene@aandc-aadnc.gc.ca (867) 587-2011 (W) (867) 444-9343(C).

Sincerely,

Steve Deschene
Resource Management Officer III

Explanatory Remarks -

Fuel Cache(s):

Timing as Permitted:

Please be advised that these Land Use Permits will expire on June 17, 2014. As per condition 2.5 Clean up, all equipment, supplies, fuel etc.... must be removed. You have 12 drums of fuel stored at 64 56.650 N - 130 40.877 W Also, be advised that you must submit a Final Plan outlining the locations of all drill sites, camps and fuel storage locations.

Time: Condition 2.2. Reports Before Removal:

This Inspector has not been notified as to the permittees plans on the removal of equipment and materials and when final clean-up will be completed. No authorizations to store materials will be supported.

Unfortunately due to weather none of the drill sites were inspected.

Please contact this office to discuss plans for cleanup and demobilization.
