**Re: S07C-005 & S07C-006 – Land Use Permit Extension Request – Recce & Bronco Projects – Eagle Plains Resources Ltd.**

Environment Canada's contribution to your request for specialist advice is based on the mandated responsibilities under **Section 36(3)** of the *Fisheries Act*, the *Canadian Environmental Protection Act (CEPA)*, the *Migratory Birds Convention Act (MBCA)*, and the *Species at Risk Act (SARA)*.

Environment Canada has reviewed the above noted Land Use Permit Extension Request submitted by the proponent for exploration projects located in the Tulita District. EC has no issues with the extension provided the proponent is in compliance with their existing permits. Comments and recommendation submitted by EC for the initial Land Use Permit issued to Bootleg Exploration Inc. would still be applicable to the extensions.

EPO should be notified of changes in the proposed or permitted activities associated with this application.

If you have any further questions or comments, please do not hesitate to contact me at (867) 669-4744 or [ron.bujold@ec.gc.ca](mailto:ron.bujold@ec.gc.ca).

Yours truly,
