Items 2 and 5 are without attachments. If you feel they would deal with the issue, please advise and I will forward your request to the Regulatory Clerk. I have forwarded your letter to Eagle Plains Resources for information and response. I have also contacted the mining recorder's office in Yellowknife to confirm that Eagle Plains Resources still holds the claims in their name and are still valid. Eagle Plains Resources is the holder of the claims and they are still valid (Prospecting Permit, 7030, was acquired on Feb 1, 2006 and expired Jan 31, 2009 and then the Claim was Staked on Nov 17, 2008 with an expiry of Nov 17, 2018).

Should you have any further questions regarding this request or the project, please contact the SLWB office. Please submit your comments or concerns in writing to our office by June 16, 2011.

Regards,
Angela Love
