**Reference: Déline Water Licence Application S00I3-002 – Cover Letter**

Dear Tony,

On behalf of the Charter Community of Déline, we are pleased to submit the following Water Licence Application. The Community's previous water licence S00L3-002 expired December 31, 2010 and has not been renewed since. We have therefore completed the Application for the Charter Community of Déline.

The water licence application is for municipal use regarding potable water use, solid waste disposal, and sewage waste disposal.

We have included the following plans / manuals for the Boards review:

1. Community Spill Contingency Plan – for all Community facilities;
2. Solid Waste Site O&M Plan – for the newly constructed facility that will be used once the current site is properly closed and decommissioned;
3. Solid Waste Drawings – for the newly constructed facility that will be used once the current site is properly closed and decommissioned;
4. Water Treatment Plant Drawings – for the previously constructed facility;
5. Water Treatment Plant O&M Plan – for the previously constructed facility;

The following plans / manuals will be developed and submitted to the Board for review prior to the associated modifications:

1. Abandonment & Restoration Plan – for the current solid waste site that is to be closed and decommissioned;
2. Abandonment & Restoration Plan – for the current sewage lagoon site that is to be closed and decommissioned; and
3. Operation & Maintenance Plan – for a new sewage lagoon that will be presented to the Board upon design finalization.
