Re: Water Licence Application S12L3-006
Municipal Water Licence
Deemed Complete

The Water Licence application for the Charter Community of Deline was received in our office on October 3, 2012. After review, the application has been "**Deemed Complete**" as of today.

This Water Licence application will be advertized in News/North with requests for comments from the public and will be sent to review organizations for the same purpose. Additional information may be required during the review process. The deadline date for comments from both sources will be November 19, 2012. As there is no legislated time line to process a Water Licence Application, the SLWB will endeavor to bring this application before the Board as soon as possible.

If you have any comments, questions or concerns, please contact the Sahtu Land and Water Board.

Regards,
SAHTU Land & Water Board
