Subject: RE: Confirmation of receipt - faxed - notification of decant

Good evening Kirk,

Please let us know if the samples have been taken and when you expect the analysis to be completed. Prior to discharging the sewage lagoon, the analysis will need to be reviewed by gilly or myself for approval to start

decanting the sewage lagoon.

Laurel

Subject: Confirmation of receipt - faxed - notification of decant

Good afternoon Kirk,

This message is to confirm that today (June 6, 2016) the SLWB received the faxed notification of the Charter Community of Deline's intent to decant the sewage lagoon as per Part D, item 6 of [S12L3-006](#), starting as early as June 16, 2016. This [notification](#) has been posted to our Online Registry.

At this time I wish to remind you that as per Part D, item 2, all sewage effluent discharged from the Sewage Disposal Facilities at SNP Station 0555-2 (effluent at point of entry of seepage from the sewage lagoon at Airplane Lake) shall meet the following effluent quality standards:

<u>Parameter</u>	<u>Max. Concentration</u>
Fecal Coliforms	<10 ⁴ CFU/100ml
BOD ₅	80 mg/L
Total Suspended Solids (TSS)	100 mg/L

Also, as per the Surveillance Network Program (Annex A, Part B, item 1) effluent at Station Number 0555-1 (effluent at point of discharge from the secondary sewage lagoon) shall be sampled at the beginning, and every three days thereafter during period of decant and shall not exceed the following criteria:

<u>Parameter</u>	<u>Max. Concentration</u>
Fecal Coliforms	<10,000 FC/100ml
BOD ₅	80 mg/L
Total Suspended Solids (TSS)	100 mg/L

Can you confirm please confirm that the required effluent testing has been initiated?

Please also note that this message is also copied to Laurel McDonald and Gilly McNaughton who are the newly appointed ENR Water Licence Inspectors.

Respectfully,

Sabrina Sturman
