RE: Hauling scrap metal and old vehicle

I am writing to request to haul old metal scrap, tanks, and old and abandoned vehicles to new Land fill site although it is not officially opened yet. There are a lot of water flows at current landfill site and these old metal scraps are in the way. For safety work practices, I am requesting from Sahtu Land and Water Board to haul to the new site.

The work schedule we are looking at is August 15, 2015 to September 30, 2015. I know we are pass August, but it was originally planned for the proposed dates.

If you have any questions, please let me know.

Sincerely,

Kirk Dolphus
Senior Administrative Officer
