**Re: Husky Oil Operations Limited
2016/2017 Annual Report for Water Licence S13L1-006**

Husky Oil Operations Limited (Husky) is submitting the following information in response to the requirements outlined under the Terms and Conditions of Water Licence (WL) S13L1-006 issued by Sahtu Land and Water Board (SLWB) on October 24, 2013. This report includes information during the operational reporting period from May 1, 2016 to April 30, 2017 (herein referred to as the reporting period).

For ease of review, this annual report has been presented in the same order as the terms listed within the SLWB Water Licence.

a) The monthly and annual quantities in cubic metres of fresh water obtained from all sources:

There was no fresh water obtained from the approved water sources during the reporting period.

b) The monthly and annual quantities in cubic metres of each and all waste(s) discharged, including domestic and ash:

There were no industrial wastes, domestic garbage, ash or sewage generated or disposed of during the reporting period.

c) Tabular summaries of all data generated under the "Surveillance Network Program":

There was no data generated under the "Surveillance Network Program" during the reporting period.

d) A summary of exploration and development activities as they relate to water use and waste disposal:

There were no exploration or development activities carried out during the reporting period that would utilize water or generate wastes.

e) An As-built map and shapefiles identifying all current sites and infrastructure at the Slater River site with a summary of the operation to date:

Current shapefiles and maps are on file with the SLWB.

f) A list of any spills or unauthorized discharges:

There were no spills or unauthorized discharges during the reporting period.

g) Information related to the removal of culverts:

There were no culverts installed or removed during the reporting period.

h) Details of work completed and all closure and reclamation activities:

No closure or reclamation activities took place during the reporting period; however annual maintenance activities are reported in the 2017 Semi-Annual Summer Site Inspection report which is submitted under separate cover.

i) The Semi-Annual Summer Site Inspections Report as laid out in Part E:

The 2017 Semi-Annual Summer Site Inspection report will be submitted under separate cover.

j) Any other details on water use or waste disposal requested by the Board by September 30th of the year being reported:

There were no additional requests pertaining to water use or waste disposal were made by the SLWB.

I trust that the above information meets the requirements for the annual report described in the Terms and Conditions of Water Licence S13L1-006. If you have any questions, please contact the undersigned at (403) 523-2313 or by email (jenica.vonkuster@huskyenergy.com).

Sincerely,
HUSKY OIL OPERATIONS LIMITED
