Dear Benjamin Fraser,

**Imperial Oil Norman Wells Operation – 2020 Annual Water Licence Report – Recommendations Supported**

The Sahtu Land and Water Board (SLWB) met on July 5, 2022, to consider Imperial Oil Resources (Licensee) 2020 Annual Water Licence Report submitted on March 31, 2021, in accordance with Part B, item 13 of Licence S13L1-007. Based on reviewer comments and Board staff review, the Board was satisfied that the Licensee has met the requirements of the Licence.

During public review of the 2020 Annual Report comments were received from parties seeking clarification on tables provided by the Licensee.

Board staff have incorporated the comments provided through the Online Review System (ORS) into the report. The changes made can be found in the updated report available through the SLWB public [registry](#). The updated 2020 report includes a SLWB Change Log that is provided below and in the report on page 50.

**Sahtu Land and Water Board Change Log**

- Changed Table A-3 CPF outlet temperature to a dash for August 29, September 2, and 18 from numeric values.
- Changed Table B-1 LT 11 Category A water discharge to zeros from dashes between May 13 – May 22.
- Changed Table B-1 Chlorides below 500mg/L (Y or N) from numeric values to Y or N.

\*Any questions or concerns regarding the change log please reach out to SLWB staff. The changes undertaken by SLWB staff were received through the public review of this document.

The Sahtu Land and Water Board appreciates the ongoing cooperation of Imperial Oil Resources Ltd. If you have any questions or concerns, please contact Benjamin Roy at [broy@slwb.com](mailto:broy@slwb.com).

Respectfully,

*Benjamin Roy*
