**Attention: Mr. Philippe Di Pizzo, Interim Chair**

Sent via email

Dear Mr. Di Pizzo,

**Re: Land Use Permit Application S24S-003 (Geotechnical LUP Application)  
 Supplemental Information providing applicable references from the Geotechnical LUP  
 Application to sections of management plans within Norman Wells Operations Water Licence  
 S13L1-007.**

**SUPPLEMENTAL INFORMATION FOR LAND USE PERMIT APPLICATION**

Imperial has prepared the following table at the request of Sahtu Land and Water Board staff to efficiently identify sections of the Norman Wells Operation’s existing management plans that are referenced in the Geotechnical LUP Application. The existing plans have previously been submitted for the operation under Water Licence S13L1-007. Each plan identified in the table is linked to the associated file on the Sahtu Land and Water Board’s Public Registry.

Section in LUP Application Form	Referenced Topic in LUP Application	Existing Plan within S13L1-007	Applicable Section of Management Plan Relating to LUP Application
Part 8	Waste Soil	<a href="#">Waste Management Plan</a>	6.2 Soil Treatment Facility
Part 11	Garbage	<a href="#">Waste Management Plan</a>	4.2.3 Domestic Waste and pdf page 60
	Waste Soil and brush	<a href="#">Waste Management Plan</a>	4.2.1 non-Impacted Trees, Brush and Overburden 4.4, Table A - Common Waste Generated (Impacted Soil, Sludge)
	Oily Rags	<a href="#">Waste Management Plan</a>	4.4 Table A - Common Waste Generated (Oily Rags) and pdf page 68
Part 15	Spill Contingency Plan	<a href="#">Spill Contingency and Response Plan</a>	General Reference to Plan
Part 17	Potential Environmental Impacts - Hydrocarbons to soil	<a href="#">Spill Contingency and Response Plan</a> and <a href="#">Emergency Response Plan</a>	General Reference to Spill Contingency Plan and ERP - 3.17 Waste management - Leaks and Spills

Section in LUP Application Form	Referenced Topic in LUP Application	Existing Plan within S13L1-007	Applicable Section of Management Plan Relating to LUP Application
Part 18	Closure and Reclamation Plan	<a href="#">Norman Wells Operations Interim Closure and Reclamation Plan</a>	Plain Language Summary Section 1.11 4.3.3 Current Norman Wells Operation 4.3.6.1 Flowline Summary 4.3.8.3 CPR Operations 5.5.5.2 Natural Islands 5.5.5.7 Subsurface Infrastructure Table 5-1 Component Specific Objectives and Criteria
	Waste Soil (cuttings)	<a href="#">Waste Management Plan</a>	4.2.1 non-Impacted Trees, Brush and Overburden 4.4, Table A - Common Waste Generated (Impacted Soil, Sludge)
Part 19	Community Engagement Plan	<a href="#">Community Engagement Plan for Sahtu Settlement Area Communities</a>	General Reference to Plan

Please contact Sam Bird ([sam.bird@exxonmobil.com](mailto:sam.bird@exxonmobil.com)) or Jaclyn Mersereau ([jaclyn.mersereau@esso.ca](mailto:jaclyn.mersereau@esso.ca)) if you have any further questions about this application.

Sincerely,

Sam Bird  
 Environment and Regulatory Advisor  
 Imperial
