Stephen,

In order for us to process the name change we require that you submit , to the Board, a letter of request with a certificate of name change that you receive from the GNWT Department of Justice - NWT Corporate Registries (name change documentation from other provinces is not sufficient). Fees are not required to process the name change.

I looked at the files on our registry and note that SLWB has issued letters of clearance for S03A-002 (associated Licence S03L1-002) and S03T-003, so we will not need to make name change for these.

However, there are two expired permits that we have not yet issued letters of clearance for, as the most recent inspection reports on file indicate additional remediation required for S99A-015 (inspected in 2019) and S99A-014 (last inspected in 2004). We will need to make the name change for these expired authorizations.

Please send along the letter of request and the certificate of name change and we will undertake the administrative update to change the name on the permits.

Thank you,
Regards,
Bonnie
