Subject: FW: Plans for 2017-2018 Fiscal Year

Hi Larry and Eric,

Thank you for providing the Board with the implementation schedule for the closure of Behchoko's solid waste facility. As noted in the implementation schedule, the landfarm adjacent to the current solid waste facility is also expected to close by the end of the summer. In the Board's [May 2, 2017 Directive](#) for the Landfarm Operation and Maintenance Plan, the Board reminded the Community Government of Behchoko that a Landfarm Closure and Reclamation Plan needed to be submitted six months prior to closure. Board staff do not want to delay any closure activities and recommends that the Landfarm Closure and Reclamation Plan be submitted to the Board as soon as possible. The information required for the Closure and Reclamation Plan is in Schedule 4 of the [W2014L3-0002](#) Water Licence.

Should you have any questions, please do not hesitate to contact Board staff.

Sincerely,

Jessica Pacunayen, BA&Sc

Thank you Eric,

Jessica will be able to advise what additional information is required, if any.

Regards,

Nahum

Hi Nahum,

Attached you find the preliminary schedules for the closure of the existing landfill (including land farm closure) and the construction of the new Landfill at Behchoko.

A more detailed schedule is being produced with the requirements for a subcontractor to complete the work. I will forward a copy through Mr. Baran when complete.

Regards,

Eric Andert

Hi Nahum,

Sorry I did not get the schedule over to you. I had to deal with a family situation and just got back to the office today. I will get this over to you today.

Regards,

Eric Andert - Senior Environmental Project Manager - (613) 839-3053 x276

Eric,

Thank you for the telephone conversation this morning. As discussed, the sooner the Board can approve an implementation plan for the closure related activities the better as activities cannot be initiated until this plan is approved. As discussed, a spreadsheet schedule sounds like a very good start but Jessica will be better able to answer the specifics regarding the required content. Thank you and look forward to working with you over the summer months. Take care and have a good day.

Regards,

Nahum
