Dear Mr. Wheler:

Behchokö Water Licence Application – Public Hearing

Please be advised that the Community Government of Behchoko (CGB) supports the Board's intention to conclude the community's application for a new Class A Water Licence without holding a Public Hearing. The CGB also supports the intention of the Board to hold a Community Information Session on September 10, 2014.

Please contact me if you would like to discuss further.

Yours truly

Violet Camsell-Blondin,
Senior Administrative Officer
