Dear Ms. Camsell-Blondin,

**Reminder: Overdue Submissions, Upcoming Annual Report, and SNP Sampling**

This is a reminder that the Community Government of Behchokq's submission of a characterization of the sludge from the Rae and Edzo Water Treatment Plants, as required under Part D, Item 13 of Water Licence (W2014L3-0002), and the long-term plans regarding Rae and Edzo water use, as per direction from the Wek'èezhìi Land and Water Board on December 15, 2014, are past due. Please forward these submissions to the Board without further delay.

For your convenience, attached to this letter is a schedule meant to assist the Community Government of Behchokq with the requirements of their new Licence and recent direction from the Board.

This letter will also serve as a reminder that the Community Government of Behchokq's Annual Report, as required under Part B, Item 1 of the Water Licence, is due on March 31, 2015. An Annual Report Template is attached to this letter. The 2014 Annual Report Template has been updated and now includes tables to allow for easier data entry of Surveillance Network Program results.

Board staff would like to set up a teleconference meeting to discuss the community's Surveillance Network Program for 2015 and set dates for upcoming sampling. Please contact Board staff to set up a meeting. A friendly reminder that sampling bottles are to be ordered in advance of each sampling date. If needed, feel free to contact WLWB staff for assistance.

Board staff are happy to answer any questions regarding your Water Licence and reporting requirements; please contact Sarah Elsasser at (867) 765-4583 or by email [selsasser@wlwb.ca](mailto:selsasser@wlwb.ca), or Roberta Judas at (867) 713-2500 or by email [rjudas@wlwb.ca](mailto:rjudas@wlwb.ca).
