Hi David,

These look good. As Nahum will mention, there might be need for fine-tuning once on the ground. Please take the GPS coordinates and send them to us when you complete the sampling.

Much appreciated,

Sarah Elsasser, Ph.D.

Subject: SNP sites around new Landfill

hi Sarah

In preparation for work on the new landfill for Behchoko, the CGB is intending to do baseline testing at the 5 sites indicated in the Water Licence that 'surround' the site footprint. BluMetric has done a location map based on an understanding of the descriptions in the Water Licence for sites 2014-R6 to 2014-R10. The map is enclosed. Would you please confirm that the location of these sites reflect the intention of the Water Licence and Board direction?

thanks, and let us know if you'd like to discuss

David B
