**Re: Snare Cascades Hydro Facility Water License No: W2014L4-0001**

Dear Ms. MacIntyre-Newell,

NTPC would like to request a deferral of the submission dates for the 2021 Annual Water Licence Report for the Snare Cascades Hydro Facility under WLWB Water License W2014L4-0001 from March 31, 2022 to April 14, 2022. NTPC has been working on compiling the required information however due to a number of unexpected absences in the workplace since January 2022 we have been challenged with gathering the information required to compile this report on a timely basis.

NTPC considers its regulatory reporting to be a key priority and is focused on delivering the reports by mid-April.

If you have any questions or if there is any further information we can provide, please contact me at [bwhitford@ntpc.com](mailto:bwhitford@ntpc.com).

Sincerely,

A handwritten signature in black ink, appearing to read "Belinda Whitford".
