via email: [kdefrancis@wlwb.ca](mailto:kdefrancis@wlwb.ca)

Dear Ms. DeFrancis

**Re: Snare Hydro Facilities Water Licence N1L4-0150 (Snare Rapids, Falls, Forks);  
Water Licence W2014L4-001 (Snare Cascades) Quarterly SNP Submission**

Enclosed please find the Q3 and Q4 quarterly SNP reports for the Snare hydro generating facilities. Operations from October 1, 2023 – December 31, 2023 are included in this submission.

The Snare facilities were operated within the limits of the Water Licence throughout the reporting period. The Snare Falls Forebay was between the normal operating limit and the high flow limit from 5 pm on September 19 to 6:00 a.m. on September 21. The forebay level during this time was recorded as 202.48 m. This condition occurred while flows on the system were stabilizing following release of water from the 5B spillway to support a planned maintenance shutdown of the Snare Rapids plant.

I can be reached at (867) 669-3301 or via email at [ehendry@ntpc.com](mailto:ehendry@ntpc.com) if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Eileen Hendry".

Eileen Hendry, C.E.T.  
Manager, System Control
