Dear David Kelsch,

Final Plan Request – Mineral Exploration at Courageous Lake and Starfish Lake Area, NT

From our land use records, Land Use Permit W2015C0003 expires on April 19, 2020. Prior to the expiry date of this permit, restoration, clean up and removal of equipment, materials, building, etc., must be completed.

Should GGL Resources Corp. require additional time to complete its land use operation, refer to Section 26(6) of the Mackenzie Valley Land Use Regulations regarding extensions to a land use permit. An extension request of not more than two (2) years must be received before the expiry date of the permit. If an extension of the permit is not requested, pursuant to Section 29 of the Mackenzie Valley Land Use Regulations, GGL Resources is required to submit a Final Plan within sixty (60) days of expiry including:

1. A map, normally at a scale of 1:50,000 showing your location, area, and distances of all land use operations. Sketches are acceptable but all maps must have the north indicator, scale and coordinates clearly marked.
2. A summary of the hectares utilized in each aspect of the land use operation; and
3. A calculation of land use fees.

If GGL Resources Corp. has any further questions, please contact me at (867) 713-2500 or e-mail rjudas@wlwb.ca.

Yours Sincerely,

A handwritten signature in black ink that reads "Roberta Judas".
