Dear Mr. Mantla,

Subject: DDMI Updated RECLAIM Security

Diavik Diamond Mines (2012) Inc. (DDMI) hereby submits the attached updated RECLAIM Security Adjustment for conformity per Decision #23 of the Wek'èezhì Land and Water Board's (WLWB) July 19, 2024 Reasons for Decision¹ on DDMI's Final Closure and Reclamation Plan (FCRP) to the WLWB. This security update includes the WLWB directed Adjustments as well as the previously considered Waste Rock Storage Area – North Country Rock Pile RECLAIM Security Adjustment that was initially submitted to the Board in 2022 with the FCRP. Supporting information for this 2022 adjustment was provided in the 2022 Waste Rock Storage Area – North Country Rock Pile (WRSA-NCRP) Reclamation Completion Report which was submitted to the WLWB for public review in December 2023. DDMI understands that the WLWB has found this reduction in security to reflect progressive reclamation of the WRSA-NCRP to be appropriate. With these adjustments the new total security for Diavik Diamond Mine is \$184,771,849.

Please do not hesitate to contact the (Nicole Goodman nicole.goodman@riotinto.com or Mark Nelson mark.nelson2@riotinto.com) or the undersigned should you have any questions regarding this submission.

Sincerely,

Sean Sinclair, Closure Manager
