Dear Ziaur Rahman,

**Re: Government of the Northwest Territories Department of Infrastructure – Land Use Permit – Final Plan Request – Road Public – Near Km 196 along Highway 3 to Tłı̄chq̄ Community Government of Whatì, NT**

According to the Wek'èezhì Land and Water Board (Board) records, Land Use Permit W2016E0004 (Permit) for the Tłı̄chq̄ All-Season Road, Near Km 196 along Highway 3 to the Tłı̄chq̄ Community Government of Whatì, NT (Project) will expire on May 29, 2024.

Should additional time be required to complete the Project, refer to subsection 26(6) of the Mackenzie Valley Land Use Regulations (MVLUR), and the Land and Water Board (LWB) *Guide to the Land Use Permitting Process*,<sup>1</sup> for more information on extensions to land use permits. A request for an extension of not more than two years must be received by the Board prior to the expiry date of the Permit. Alternatively, if the Board does not receive an extension request, then site restoration, clean up, and removal of equipment, materials, buildings, etc. must be completed before the Permit expires.

A final plan must be submitted to the Board within 60 days of the expiry of the Permit, as per section 29 of the MVLUR. The final plan must include:

1. A map, normally at a scale of 1:50,000, showing the location, area, and distances of all Project activities. All maps must have the north indicator, scale, and coordinates clearly marked;

---

<sup>1</sup> See the WLWB Apply for Permit/Licence webpage for the LWB [Guide to the Land Use Permitting Process](#).

2. GIS data, if available;
3. A summary of the hectares utilized in each aspect of the Project; and

For more information on final plan requirements and processes, refer to the LWB *Guide to the Land Use Permitting Process*.<sup>2</sup>

Please contact Anneli Jokela via [email](#) or at (867) 765-4588 with any questions or concerns regarding this letter.

Yours sincerely,

Roberta Judas  
Regulatory Technician
