Dear Michael Conway,

Re: GNWT-INF's Archaeological Site Chance Find Protocol (Version 1.2), Quarry Operations Plan (Version 1.1), Erosion and Sediment Control Plan (Version 1.1), and Permafrost Management Plan (Version 1.1)

The Wek'èezhii Land and Water Board (WLWB or the Board) met on July 16, 2019 to consider the following management plans, as submitted by the Government of the Northwest Territories – Department of Infrastructure's (GNWT-INF):

- Archaeological Site Chance Find Protocol (Version 1.2);
- Quarry Operations Plan (Version 1.1);
- Erosion and Sediment Control Plan (Version 1.1); and
- Permafrost Management Plan (Version 1.1)

The Board has determined that GNWT-INF's management plans satisfy the Board's direction of May 30, 2019 and has approved the above plans as submitted.

In regard to the Quarry Operations Plan, the Board has directed GNWT-INF, that a minimum of 90 days prior to the commencement of Construction of borrow sources not included in Version 1.1 of the Quarry Operations Plan, to submit a new version of the Quarry Operations Plan to the Board for approval. The Board thanks GNWT-INF for their ongoing efforts.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Mackenzie".

Joe Mackenzie
Chair, Wek'èezhii Land and Water Board
