Dear Michael MacMorran,

RE: Final Plan Request - Mining Exploration at Lac de Gras, NT

Based on our land use records, Land Use Permit W2016D0003 expires on March 1, 2022. Prior to the expiry date of this permit, restoration, clean up and removal of equipment, materials, building, etc., must be completed.

Should you require additional time to complete your land use operation, refer to subsection 26(6) of the Mackenzie Valley Land Use Regulations (MVLUR) regarding extensions to a land use permit. An extension request of not more than two (2) years must be received before the expiry date of the permit. If an extension of the permit is not requested, pursuant to section 29 of the MVLUR, the Permittee is required to submit a Final Plan. As described in section 5.4 of the MVLWB Guide to the Land Use Permitting Process, the Final Plan is to include the following content:

1. A map or sketch, normally at a scale of 1:50,000, showing the location, the area, and distances of all project activities, including:
 - a. Lines, trails, rights-of-way, and cleared areas that were used by the permittee during the project, specifically those that were cleared by the permittee and those that existed before the project began;
 - b. Buildings, structures, campsites, landing strips, aircraft navigation aids, fuel and supply storage sites, waste disposal sites, excavations, and other works and places that were constructed or used by the permittee for the project; and
 - c. Bridges, dams, ditches, railroads, roads, transmission lines, pipelines, survey lines, monuments, air landing strips, watercourses, traplines and cabins, and all other features or works that were affected by the project.
2. GIS data;
3. A summary of the hectares utilized in each aspect of the land use operation; and
4. A calculation of land use fees.

If North Arrow should have any further questions, please contact Roberta Judas at (867) 713-2500.

Sincerely,

A handwritten signature in black ink, appearing to read "Roberta Judas". The signature is written in a cursive style with a large initial "R".
