Anneli,

Thank you for your message.

The reason behind this extension is that Dillon Consulting was only recently granted authorization to prepare this information on behalf of the Government of Whati. As we

are only starting to gather and review the water usage data, we need some additional time to prepare a complete package for the Water Board.

We are anticipating having the submission ready for April. Would it be possible to grant an extension until April 30th? I hope that we can be much sooner than that, but giving us until the end of April adds some consideration for contingencies.

Let us know,
Camila

Hello Camila,

Your message was forwarded to me, and I can respond for now while Ryan is out of the office. It is possible for the Executive Director to grant an extension to the Annual Water Licence Report; however, the email below doesn't specify how long of an extension is being requested and the reason for the request.

Can you specify the proposed submission date that the Community Government of Whatì would like considered and provide an explanation for why an extension is needed at this time?

Masì,

Subject: Whati Water Usage Annual Report

IRONSCALES couldn't recognize this email as this is the first time you received an email from this sender cramos-strankman@dillon.ca

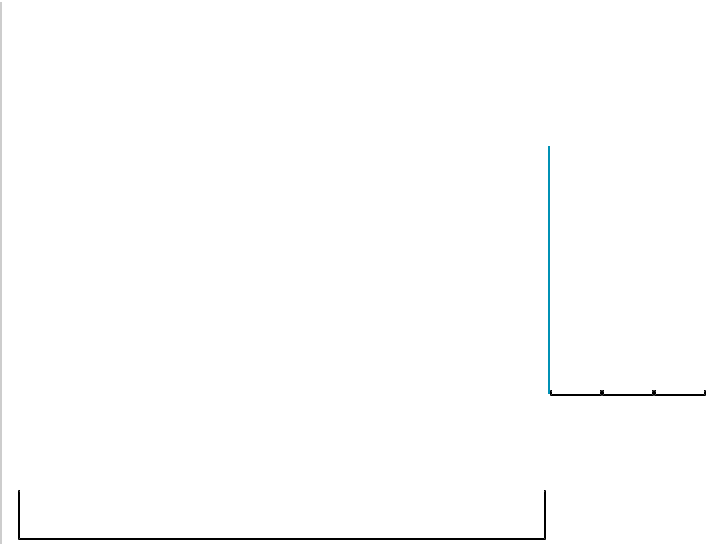

Hello,

We have been retained by the Community of Whati to prepare an Annual Report regarding water usage in Whati. This Annual Report normally requires submission by the end of March, and I would like to request an extension on this. We are currently working on this Report and would like to know if the Land and Water Board can provide an extension to allow us additional time to complete the Report.

Please let me know,

Camila
