RE: W2018C0005 – Diamond Drill holes on Ekati Leases

Dominion Diamond ULC (Dominion) submits this notification under Part C, Condition (2) of Land Use Permit (LUP) W2018C0005 of 8 diamond drill holes on the Ekati mine leases. All planned collars are at least 30 meters from the normal high-water mark and can be adjusted in the field as required. Sump locations will be selected as outlined in Part C, Condition 14. All operations will be helicopter supported and based out of Ekati. The target location of these holes is shown in the plan below, along with planned coordinates. We anticipate starting on these holes on or before July 25, 2019.

Sincerely,

A handwritten signature in blue ink that reads 'R. Woodward'.

Rick Woodward
Superintendent – Exploration
