Good afternoon Meaghan,

As per our discussion, this email is to confirm that Northern Quality Control (Donovan Boucher) has met the eligibility requirements for the construction & use of a 20 m² parking lot at Km 292 of Highway #3.

The Applicant for this land use permit has been granted a surface lease (File #: 85J/11-23) from GNWT – Department of Lands and the proposed parking lot is required to support activities that will be undertaken on the lease parcel.

GNWT – Department of Lands supports the issuance of land use permit W2020F0004 as submitted.

If you have any further questions or concerns, please do not hesitate to contact Mr. Brandon Bradbury at (867) 447-3538 or me at the numbers below.

Regards,

Clint

Hello Clint,

The Wek'èzhii Land and Water Board has received a [land use permit application](#) from Northern Quality Control. As discussed, you've indicated that eligibility is satisfied under subsection 18(b) of

the Mackenzie Valley Land Use Regulations. As the landowner for the area, can the GNWT Department of Lands confirm, in writing, whether they believe the eligibility requirements set out in Section 18 of the Land Use Regulations have been satisfied?

Please feel free to contact us should you have any questions.

Masi!
