Logistics for Remote Participation in the Pre-Hearing Conference:

Set-up:

- Each participant should prepare and test their video and audio ahead of time, to ensure their devices are functioning properly and are fully charged or plugged in.
- Zoom will download automatically when the participant starts or joins the first Zoom meeting and is also available for manual download [here](#). Participants should download the current version of Zoom before the Session to ensure all functions are available.
- For assistance using Zoom, participants can review the following [Zoom Video Tutorials](#).
- To participate only by phone, participants can call one of the Zoom teleconference lines (provided in the Zoom link from Board staff).
- Participants that are experiencing technical difficulties due to poor internet connections can limit videoconference participation to audio only or call in by phone as noted above.
- Each participant is asked to use the following as their screen name: first and last name, followed by the acronym of their respective organization (e.g., Paula Green – WLWB). This can be accomplished by selecting the three dots in the upper right-hand portion of the viewing pane and selecting “rename.”

Etiquette:

- A facilitator will guide the discussion and order of speaking. To minimize disruption, participants are asked to follow all instructions on turn-taking, and only speak when the facilitator has indicated it is their turn. Each organization/participant will be given opportunities to speak.
- If a participant would like to speak or has a follow-up question, they can use the Zoom group chat (visible to everyone) to notify the facilitator, who will add them to the speaking order.
- To minimize background noises and feedback, participants should always keep their microphone/headset muted when not speaking. Participants should only unmute when the facilitator has indicated it is their turn to speak.
