Subject: GNWT-INF - WL Annual Report Request for Extension

Dzë tanj hq̄zj̄ (Good afternoon) Ziaur,

We hope you and the team are well!

Board staff received GNWT-INF's request (attached above) to extend the deadline for the submission of the annual Water Licence Report. The Board has delegated authority to consider requests of this nature to staff, so please consider this email as approval for the 2023 WL Annual Report for the TASR Project to be due on or before May 31, 2024.

In order to better understand GNWT-INF's constraints and to work towards avoiding similar situations in the future, could you please elaborate on the nature of the fieldwork that GNWT-ECC staff are involved with, whether this is fieldwork that can reasonably be anticipated in future years to take place at this same time, and/or what GNWT-INF will do leading up to next year's deadline to avoid a similar request.

Masi,

Ryan Fequet, M.Sc., PMP. (he/him, [why it matters](#))

I recognize I am privileged to live, work, and play on the traditional territories and homeland of the Dene, Inuit, and Metis peoples of the Northwest Territories. I am grateful for the opportunity to learn and for the generous sharing of Traditional Knowledge, wisdom, and ways of knowing. As a settler on this land, I confirm my commitment to actively work against colonialism and to support Indigenous self-determination and jurisdiction in this territory and across Canada.
