Subject: RE: Whatì Access Road Upgrades

Hi Benjamin,

Community Government of Whatì is very much interested in the Whatì Access Road Upgrades, Chief and Council is well aware of the project and is pleased of the coming up events.
I can be reached further if needed at 867-573-3401.

As the Senior Administrative Officer for the Community Government of Whatì is here to assist with GNWT Infrastructure with the Access Road.

Have a safe weekend,

Lisa Nitsiza

Importance: High

Hi Lisa,

Thanks for taking my call. Per our conversation a couple of mins ago, please see the WLWB's request below (highlighted) and respond accordingly. I believe a short email to supporting the project will do.

Thanks,
Benjamin

Hello Ben,

I just left you a voicemail but am following up with an email to make sure you get this in a timely manner. Staff are currently doing a completeness check of the Applications. Jess will follow-up by the end of the day with a list of items/clarifications that are needed to deem the applications complete. As a heads-up, we'll need a fast turnaround

time on these so that the item can be distributed by end of day Monday (latest Tuesday) and in order to have this potentially considered at the currently scheduled July Board meeting.

Also emailing now because we note that there is no confirmation documentation from the Community Government of Whatì indicating acceptance/permission to conduct the proposed activities within the community government boundaries. From the information included in the package, it sounds like these discussions have taken place; however, we would require documentation to demonstrate that and to confirm eligibility. Do you have any correspondence from the CGW that can be provided? If not, could you please reach out the CGW as soon as possible to obtain this documentation.

Masi,

Anneli Jokela, PhD (she/her/hers)
