Dear Benjamin Bey,

RE: Version 1.1 of the Whatì Access Road Rehabilitation Project Waste Management Plan and Spill Contingency Plan

The Wek'èezhì Land and Water Board (the Board) received Version 1.1 of the Government of the Northwest Territories Department of Infrastructure's (GNWT-INF) Waste Management Plan (WMP) and Version 1.1 of its Spill Contingency Plan (SCP) for the Whatì Access Road Rehabilitation Project on August 30, 2021. Versions 1.1 of the WMP and SCP were submitted to address the Board's Reasons for Decision for the Whatì Road Access Rehabilitation Project Water Licence and Land Use Permit Applications.¹ Versions 1.1 were not distributed for public review because the revisions included in Version 1.1 were either straightforward to address previous Board direction or administrative in nature. The Board has thus approved Version 1.1 of the WMP and SCP.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joseph Mackenzie".

Joseph Mackenzie
Acting Chair, Wek'èezhì Land and Water Board
