Violet Camsell-Blondin - Manager Lands Regulation	Tłjchq Government (TG)	Peter Kiewit Sons ULC James Williams	12-Jan-21	Written notification/Email - violetcamsellblondin@tlichq.com		"DCLP Regulatory Division has no concerns because the project is in the right of way of the highway and all applicable environmental management plans and engagement protocols for the Tłjchq Highway (TASR) will be followed. Overall, Tłicho Government is in support of this project, which will bring improved internet service to the community of Whati. We also recognize the unique opportunity to carry out this project now during the 2021 Tłjchq Highway construction season, when equipment and work crews will already be available and on site, management plans and engagement protocols are in place, and potential impacts can easily be avoided. For your land use permit application. Because this is a Tłjchq Government project within the right of way of the Tłjchq Highway, Peter Kiewit Sons ULC is eligible for a land use permit." Brett Wheler Tłicho Government, Senior Policy Advisor Sustainability and Resource Management
