Dear Ryan Fequet,

RE: Expedited permitting for the Whati Falls road and day use area

The NSMA is writing this letter to confirm that it would be acceptable to the NSMA to have the permit applications associated with the Whati Falls road and day use area be processed and issued by WLWB in an expedited manner without the usual period for public review. When the NSMA previously reviewed the project description and land use permit application form in January 2022, we indicated to the Tłıchǫ Government that we had no concerns with the project and this continues to be the case.

Sincerely,

A handwritten signature in black ink, appearing to read "Marc Whitford", is written over a horizontal line.

Marc Whitford
Vice President
