The letter outlined the upcoming application and asked if the parties had any questions or wished to discuss further.	n/a

Friday, February 24, 2023	Wek'ezhii Renewable Resource Board (WRRB)	Jody Pellissey	Nick Ballantyne	Email	Received email confirming that the WRRB had received the pre-application letter and that the WRRB would participate through the WLWB process. Ms. Pellissey said staff will be in contact if they have any questions.	No issues raised at this time.
Friday, February 24, 2023	Hamlet of Kugluktuk	Kimberley Young	Nick Ballantyne	Email	Received email confirming that the Hamlet of Kugluktuk had received the pre-application letter.	No issues raised at this time.
Friday, February 24, 2023	LKDFN	Tas-Tsi Catholique	Nick Ballantyne	Email	Received email confirming that the LKDFN had received the pre-application letter.	No issues raised at this time.
Friday, February 24, 2023	Ticho Government	Violet Camsell-Blondin	Nick Ballantyne	email	Received email confirming that the Ticho Government had received the letter and that either Longinus Ekwe or Jessica Pacunayen would be in contact on this file.	No issues raised at this time.
Friday, February 24, 2023	IEMA	Jamie Mistry	Nick Ballantyne	email	Received email confirming that IEMA had received the letter and that they would save their questions for the review once they receive the application.	No issues raised at this time.
Tuesday, February 28, 2023	FRMG	Shawn McKay	Nick Ballantyne	Email	Received email confirming that the FRMG had received the letter and that they have no concerns, comments or recommendations for this renewal application.	No issues raised at this time.
Monday, March 6, 2023	LKDFN	Tas-Tsi Catholique	Nick Ballantyne	Email	Received email requesting any background data/documents available for the application. Responded stating that there will be no new changes added to the current Land Use Permit and provided links to the previous LUP and application and asked if there were any questions or concerns.	n/a
Monday, March 6, 2023	KIA	Skye Lacroix	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if the KIA had any questions about the application or if they would like to discuss it further prior to submission.	n/a
Monday, March 6, 2023	NSMA	Noah Johnson Alan Alex	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if the NSMA had any questions about the application or if they would like to discuss it further prior to submission.	n/a
Monday, March 6, 2023	DKFN	Carol Ann Chaplin Minnie Whimp	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if the DKFN had any questions about the application or if they would like to discuss it further prior to submission.	n/a

Monday, March 6, 2023	YKDFN	Ryan Miller	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if the YKDFN had any questions about the application or if they would like to discuss it further prior to submission.	n/a
Monday, March 6, 2023	GNWT - Department of Lands	Jamie Steele Scott Stewart	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if the Department of Lands had any questions about the application or if they would like to discuss it further prior to submission.	n/a
Monday, March 6, 2023	GNWT - Prince of Wales Northern Heritage Centre	Glen Mackay	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if the Prince of Wales Northern Heritage Center had any questions about the application or if they would like to discuss it further prior to submission.	n/a
Monday, March 6, 2023	Environment and Climate Change Canada	Jennifer Sabourin Jody Small	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if Environment and Climate Change Canada had any questions about the application or if they would like to discuss it further prior to submission.	n/a
Monday, March 6, 2023	GNWT - ENR	James Hodson	Nick Ballantyne	Email	Sent follow up email to ensure the pre-application letter has been received and to check if Environment and Climate Change Canada had any questions about the application or if they would like to discuss it further prior to submission.	n/a
Monday, March 6, 2023	Tlcho Government	Longinus Ekwe Jessica Pacumayen	Nick Ballantyne	Email	Sent follow up email to check if Tlcho Government had any questions about the application or if they would like to discuss it further prior to submission. Received a response from Ms. Pacumayen stating that, at this time, the Lands and Regulatory Division of the Tlcho Government has no concerns with the application being submitted to the Land and Water Board. Ms. Pacumayen provided the Tlchq Government Guidelines for Proponents of Development and asked that our Engagement Plan be updated to be consistent with their guidelines. Arctic will ensure these additions are made in the next version of the Engagement Plan.	No issues raised at this time for the application. Request for Arctic to include the Tlchq Government Guidelines for Proponents of Development in Arctic Canadians Engagement Plan.
Monday, March 6, 2023	NSMA	Noah Johnson Alan Alex	Nick Ballantyne	Email	Received email confirming that the NSMA had received the letter.	No issues raised at this time.
Monday, March 6, 2023	GNWT - Department of Lands	Scott Stewart Jamie Steele	Nick Ballantyne	Email	Received email confirming that the Department of Lands had received the letter and that they have no concerns.	No issues raised at this time.
Monday, March 6, 2023	DKFN	Carol Ann Chaplin Minnie Whimp	Nick Ballantyne	Email	Received email confirming that the DKFN had received the letter.	No issues raised at this time.

Wednesday, March 8, 2023	KIA	Skye Lacroix	Nick Ballantyne	Email	Received email confirming that the KIA had received the letter and that they had no comments at this time.	No issues raised at this time.
Wednesday, March 8, 2023	Environment and Climate Change Canada	Jennifer Sabourin	Nick Ballantyne	Email	Received email confirming that ECCC had received the letter and that they have no questions at this time.	No issues raised at this time.
Wednesday, March 8, 2023	YKDFN	Ryan Miller	Nick Ballantyne	Call	Called Ryan to ensure the YKDFN had received the letter and to see if they had any questions about the application or wished to discuss further prior to submission. Ryan stated that the YKDFN have been quite busy and as such they will be reviewing the application once it has been submitted. He said that they have no issues at this time.	No issues raised at this time.
Wednesday, March 8, 2023	GNWT - Prince of Wales Northern Heritage Centre	Glen Mackay	Nick Ballantyne	Call	Left a message for Glen asking for confirmation that Prince of Wales Northern Heritage Centre had received the letter and to see if they had any questions about the application or wished to discuss further prior to submission. Received an email from Mr. MacKay stating that the Prince of Wales Northern Heritage Centre had received the letter. No questions or issues were raised.	No issues raised at this time.
Friday, March 10, 2023	GNWT - ENR	Kathy Unger	Nick Ballantyne	Email	Received email confirming that ENR had received the letter and that they had no comments at this time.	No issues raised at this time.
March 10, 2023,	DFO	Daniel Coombs	Nick Ballantyne	Email	Received email confirming that DFO had received the letter and would let Arctic Canadian know if they require further follow up.	No issues raised at this time.
March 10, 2023,	LKDFN	Tas-Tsi Catholique	Nick Ballantyne	Email	Received email stating that after reading the initial documents LKDFN's concern would be dealing with any updated details from this 2023 Land Use Permit Renewal Application from the one created in 2016 and asking about the consultation process. A request was also made for a meeting. Responded stating that while there would be no new details added to the 2023 LUP application, Arctic Canadian would be happy to meet with LKDFN to discuss both application and the engagement process. Arctic is currently working with LKDFN to confirm a meeting date in the near future.	Dealing with any updated details from this 2023 Land Use Permit Renewal Application from the one created in 2016. Engagement Process, will the LKDFN be given the opportunity to speak their comments and concerns. Meeting is being scheduled for the near future.

RE: W2016D0003 Land Use Permit Renewal for Sable Development - Request for a 5-Year Term Land Use Permit

On March 10, 2023 Arctic Canadian Diamond Company Ltd. (Arctic Canadian) will be applying for a new Land Use Permit (LUP) for the Sable Development. This renewal application will be for a 5-year term, and the new LUP will replace W2016D0003 which is set to expire on May 11, 2023. Arctic Canadian will be applying for a preliminary screening exemption because the project has not been modified.

Activities at the Sable Development currently permitted by W2016D0003 are:

- a) extraction of waste rock and kimberlite ore from the Sable Pit;
- b) construction of waste rock storage areas;
- c) construction of a kimberlite ore storage pad;
- d) construction of activities associated with water sedimentation pond and water containment dam;
- e) construction of site roads and lay down areas;
- f) construction and operation of supporting infrastructure;
- g) storage of fuels;
- h) use of machinery and equipment to support operations; and
- i) establishment of temporary camp.

The current Sable Development LUP, W2016D0003, has been in place since May 2016 and was extended for two years in May 2021. Sable is currently in production and mining of the open pit is ongoing. Construction of site facilities, the Two Rock Sedimentation Pond, the water containment dam, site roads, and lay down areas have all been completed.

Please forward any comments or concerns with this upcoming application and confirm receipt of this letter to the undersigned at dustin.chaffee@arcticcanadian.ca or (867) 446-8786 or Nicholas Ballantyne at nicholas.ballantyne@arcticcanadian.ca.

Sincerely,

Dustin Chaffee
Regulatory Applications Manager

Sable Development Land Use Permit Renewal Pre-Application Engagement Summary

Tlicho Government:

On February 24, 2023, a Pre-Application Engagement letter was sent to the Tlicho Government outlining Arctic Canadian's intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Tlicho Government to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 6th, 2023, the Tlicho Government sent an email stating that, at this time, the Lands and Regulatory Division of the Tlicho Government has no concerns with the application being submitted to the Land and Water Board. Ms. Pacunayen provided the Tlicho Government Guidelines for Proponents of Development and asked that our Engagement Plan be updated to be consistent with their guidelines. Arctic Canadian will ensure these additions are made in the next version of the Engagement Plan.

Kitikmeot Inuit Association:

On February 24, 2023, a Pre-Application Engagement letter was sent to the Kitikmeot Inuit Association outlining Arctic Canadian's intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Kitikmeot Inuit Association to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 8th, 2023, the Kitikmeot Inuit Association confirmed that they had received the letter and that they had no comments at this time.

Hamlet of Kugluktuk

On February 24, 2023, a Pre-Application Engagement letter was sent to the Hamlet of Kugluktuk outlining Arctic Canadian's intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Hamlet of Kugluktuk to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On February 24, the Hamlet of Kugluktuk confirmed that they had received the letter. No questions or issues were raised at this time.

North Slave Metis Alliance

On February 24, 2023, a Pre-Application Engagement letter was sent to the North Slave Metis Alliance outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the North Slave Metis Alliance to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 6th, 2023, the North Slave Metis Alliance confirmed that they had received the letter. No questions or issues were raised at this time.

Deninu Kue First Nation

On February 24, 2023, a Pre-Application Engagement letter was sent to the Deninu Kue First Nation outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Deninu Kue First Nation to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 6th, 2023, the Deninu Kue Dene First Nation confirmed that they had received the letter. No questions or issues were raised at this time.

Fort Resolution Metis Government

On February 24, 2023, a Pre-Application Engagement letter was sent to the Fort Resolution Metis Government outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Fort Resolution Metis Government to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On February 28, 2023, the Fort Resolution Metis Government confirmed that they had received the letter and stated that they had no concerns, comments or recommendations for the renewal application.

Yellowknives Dene First Nation

On February 24, 2023, a Pre-Application Engagement letter was sent to the Yellowknives Dene First Nation outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable

Development. Arctic Canadian asked the Yellowknives Dene First Nation to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 8, 2023, the Yellowknives Dene First Nation confirmed that they had received the letter but due to their current schedule they will be waiting to review the application once it had been submitted to the Board. No questions or issues were raised at this time.

Lutsel Ke Dene First Nation

On February 24, 2023, a Pre-Application Engagement letter was sent to the Lutsel Ke Dene First Nation outlining Arctic Canadian's intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Lutsel Ke Dene First Nation to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On February 24, 2023, the Lutsel Ke Dene First Nation confirmed that they had received the letter. On March 6, 2023, LKDFN requested any background data/documents available for the application. Responded stating that there will be no new changes added to the current Land Use Permit and provided links to the previous LUP and application and asked if there were any questions or if they would like to discuss further. On March 10, 2023, LKDFN sent an email stating that after reading the initial documents LKDFN's concern would be dealing with any updated details from this 2023 Land Use Permit Renewal Application from the one created in 2016 and asking about the consultation process. A request was also made for a meeting. Arctic Canadian responded stating that while there would be no new details added to the 2023 LUP application, Arctic Canadian would be happy to meet with LKDFN to discuss both application and the engagement process. Arctic is currently working with LKDFN to confirm a meeting date in the near future.

Independent Environmental Monitoring Agency

On February 24, 2023, a Pre-Application Engagement letter was sent to the Independent Environmental Monitoring Agency outlining Arctic Canadian's intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Independent Environmental Monitoring Agency to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On February 24, 2023, the Independent Monitoring Agency confirmed that they had received the letter, they stated that they will save their questions until they receive the application.

The Government of the Northwest Territories – Department of Lands

On February 24, 2023, a Pre-Application Engagement letter was sent to the Department of Lands outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Department of Lands to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 6, 2023, the Department of Lands confirmed that they had received the letter and that they have no concerns with the upcoming application.

Wek'èezhii Renewable Resource Board

On February 24, 2023, a Pre-Application Engagement letter was sent to the Wek'èezhii Renewable Resource Board outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Wek'èezhii Renewable Resource Board to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On February 24, 2023, the Wek'èezhii Renewable Resource Board confirmed that they had received the letter and would participate through the WLWB process and that staff would be in touch if they have any questions.

Environment and Climate Change Canada

On February 24, 2023, a Pre-Application Engagement letter was sent to Environment and Climate Change Canada outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked Environment and Climate Change Canada to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 8, 2023, Environment and Climate Change Canada confirmed that they had received the letter and had no questions at this time.

The Government of the Northwest Territories – Prince of Wales Northern Heritage Centre

On February 24, 2023, a Pre-Application Engagement letter was sent to the Prince of Wales Northern Heritage Centre outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace

LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Prince of Wales Northern Heritage Centre to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further

On March 8, 2023, the Prince of Wales Northern Heritage Centre confirmed that they had received the letter. No questions or concerns were raised at this time.

The Government of the Northwest Territories – Environment and Natural Resources

On February 24, 2023, a Pre-Application Engagement letter was sent to Environment and Natural Resources outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked Environment and Natural Resources to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 9, 2023, Environment and Natural Resources confirmed that they had received the letter and that they have no comments at this time.

Department of Fisheries and Oceans

On February 24, 2023, a Pre-Application Engagement letter was sent to the Department of Fisheries and Oceans outlining Arctic Canadians intention to file a Land Use Permit (LUP) Renewal for the Sable Development. The Letter explained that the renewal application would be for a 5-year term and would replace LUP W2016D0003 and that Arctic Canadian would be applying for a preliminary screening exemption because the project had not been modified. The letter went on to outline the activities that were currently permitted for the Sable Development. Arctic Canadian asked the Department of Fisheries and Oceans to inform Arctic Canadian if they had any questions or concerns with the upcoming application or if they would like to discuss it further.

On March 9th, 2023, the Department of Fisheries and Oceans confirmed that they had received the letter and would let Arctic Canadian know if they required any further follow up.
