**Subject:** W2023J0005 - GNWT-ECC - Notice of Commencement  
**Date:** April 12, 2024 1:10:37 PM

---

Good Afternoon,

In accordance with condition 5 of the LUP W2023J0005, we will be opening the Tundra Ecosystem Research Station on April 15, 2024 and using it intermittently throughout the summer. We will have less than 6 persons onsite on an occasional basis except during Tundra Science and Culture Camp (July 24 – Aug 2) when we will be upwards of 25 – 35 people.

Please consider this as a notification of commencement for the land-use operation of GNWT-ECC-TERS – W2023J0005. Following is a list of contacts for the upcoming season at TERS.

The main contact and off-site Station Manager is Brad Woodworth and can be reached by email: [brad\\_woodworth@gov.nt.ca](mailto:brad_woodworth@gov.nt.ca) or phone: (867) 767-9237 ext. 53226.

If Brad is not available, Heather Sayine-Crawford, Director of Wildlife Management Division -ECC can be contacted by email: [Heather\\_Sayine-Crawford@gov.nt.ca](mailto:Heather_Sayine-Crawford@gov.nt.ca) or phone: (Work): 867-767-9237 ext. 53230 (Cell): 867-446-0816

The onsite Station Manager is Colin Modeste-Burgin. Can be reached by the following: Cell: (867) 446-5995, Email: [colin\\_modeste-burgin@gov.nt.ca](mailto:colin_modeste-burgin@gov.nt.ca) or, in emergencies, the satellite phone located in the main kitchen tent at TERS, 011-8816-315-64342.

Please let me know if there is any other information you require.

Thank you,

Colin Modeste-Burgin
