Mr. Pereira,

Re: Inuvik Wind Project - Erosion and Sediment Control Plan V 1.1 Approved

The Gwich'in Land and Water Board has approved the Inuvik Wind Project Erosion and Sedimentation Control Plan (ESCP) V 1.1. The revised plan was submitted in accordance with Water Licence G18L8-001 January 26, 2022 Board direction. Board staff reviewed the revisions and determined that ESCP V 1.1 adequately addressed the comments and recommendations received during the public review period of ESCP V 1.0.

The revised plan, reviewer comments, and all other documents pertaining to this file can be found on the [GLWB Online Public Registry](#).

Please do not hesitate to reach out if I can provide additional information or assistance.

Sincerely,

AlecSandra Macdonald
Regulatory Specialist
