Dear Katie,

Re: Waste Management Plan V.2.3 Approved – KBL Inuvik Soil Treatment Facility

The Gwich'in Land and Water Board (Board) met on March 28, 2023 and considered Waste Management Plan (WMP) Version 2.3, which was submitted by KBL Environmental Ltd. on January 10, 2023 as required by the Board's November 23, 2023 Decision Letter on WMP Version 2.2.

The Board and staff conducted a conformity check and have determined that the submission meets the requirements set out in the Board's Decision Letter: there have been no substantive changes to the document that would warrant additional public review, and the information contained within WMP V. 2.3 is consistent with KBL's responses to relevant comments received during the public review for the licence renewal application. WMP Version.2.3 is hereby considered approved.

Please direct written questions or concerns regarding this letter to GLWB executive Leonard DeBastien.

Yours sincerely,

Elizabeth Wright
Chair, Gwich'in Land and Water Board
