**Subject:** RE: GMRP - temporary suspension of Site activities

Good Morning Tim and Kim,

With respect to the communication below I am writing to inform you that the Giant Mine Remediation Project will be starting the following activities this week:

- Basic care and maintenance activities
- Regulatory air and surface/groundwater monitoring activities

Remediation activities for which we have given previous start of work notifications will recommence in the coming weeks.

Please let me know if you have any questions,

**Caroline Serhal, P.Geo (ON, NWT)**

**Subject:** [EXTERNAL] GMRP - temporary suspension of Site activities

Good day Tim and Kim,

This is to notify and inform the Inspector and Board of a number of temporary changes related to the Giant Mine Remediation Project and the requirements under Water Licence MV2007L8-0031 and Land Use Permit MV2019X0007.

Due to the changing conditions in the Yellowknife area from wildfires, and the local and territorial issuances of a State of Emergency, the GMRP is notifying:

- The Annual Geotechnical Inspection (AGI) of Dams scheduled for the week of August 21, 2023 has been postponed until further notice.
- All regulatory monitoring at Site is suspended immediately until further notice.
- All remediation work at Site is suspended immediately until further notice.
- Basic care and maintenance may continue, if, and as, safe to do so.
- Compliance with emergency assistance requests from the City of Yellowknife and GNWT, as and when they occur, including equipment and potential storage of explosives at Site.

Please let me know if there are any questions or concerns.

Regards  
Andrea
