**Subject:** Water License MV2023L8-0005 - Notification of Recommencing Operations

Hello Tanya/Kathy,

This email is intended to notify the MVLWB of the re-commencement of dredging activities associated with the Hay River Emergency Dredging Project 2023 following the wildfire shut-down (Water License MV2023L8-0005). The commencement of dredging operations is contingent on approval from the MVLWB regarding extension of the allowable work period to the end of September.

Regards,
