Dear Mr. Hawkins:

**Amendment of Approval to Alter the Condition of a Well
Fort Liard F-36 (WID 1841) ACW-2016-003**

The Office of the Regulator of Oil and Gas Operations (OROGO) received Paramount Resources Ltd. (Paramount) application dated November 15, 2017 for an amendment to the Approval to Alter the Condition of a Well (ACW) for Fort Liard F-36 (WID 1841).

Based on the information Paramount has provided and advice from my technical team, the ACW issued on December 19, 2016 and amended in March 2017, is further amended as set out below:

- Condition 1 is amended as follows: **The term of ACW-2016-003 is extended until November 30, 2018.**
- Condition 2 is amended as follows: **Paramount shall conduct Surface Casing Vent Flow (SCVF) monitoring prior to September 30, 2018 at a time of year and for a duration (minimum of 48 hours) that is reasonable to confirm the presence or absence of SCVF and an estimated rate of any flow.**
- Condition 6 is amended as follows: **Paramount shall provide an updated monitoring and well abandonment plan by October 31, 2018 consistent with OROGO's *Well Suspension and Abandonment Guidelines and Interpretation Notes*.**

All other terms and conditions of the ACW continue to apply along with the requirements under the *Well Suspension and Abandonment Guidelines and Interpretation Notes*

.../2

including but not limited to the requirement to test for gas migration as required under section 6D.

As with previous documentation regarding ACW-2016-003, correspondence will be published to the Public Registry (<http://www.oro.go.gov.nt.ca/en/registry>).

If you have any questions, please e-mail oro.go@gov.nt.ca.

Sincerely,
