Dear Vicki Chan:

Letter of Decision:

On March 13, 2020, the Office of the Regulator of Oil and Gas Operations (OROGO) received an application from Alvarez and Marsal Canada ULC (A&M), receivers for Strategic Oil and Gas Ltd., to amend Well Approval ACW-2019-005-SOG-A-03-WID2047 for the suspension of the Cameron A-03 well.

The Regulator, designated under section 121 of the *Oil and Gas Operations Act* (OGOA), may issue an Operations Authorization under section 10(1) of that act, subject to any Well Approvals that the Regulator may require under section 10(4) of OGOA. The Regulator may vary the terms of an Operations Authorization under section 10(6) of OGOA. The Regulator has delegated its powers under section 10 of OGOA to me, in accordance with section 8 of that act.

I have reviewed A&M's application for an amendment and find that the proposed activity will be conducted safely, without waste and without pollution, in compliance with the *Oil and Gas Drilling and Production Regulations*. Therefore, A&M's application for an amendment is approved, subject to the terms contained in the attached Well Approval.

A&M must post a copy of the attached Well Approval in a clearly visible location at the work site.
