Dear Derek Warren:

Application Incomplete: Application to Alter the Condition of a Well for the Abandonment of the North Liard C-31A well (ACW-2019-006-OBS-C-31A-WID1907)

On May 15, 2019, the Office of the Regulator of Oil and Gas Operations (OROGO) received electronic application documents for approval to Alter the Condition of a Well (ACW) from Obsidian Energy Ltd. (Obsidian) for the abandonment of the North Liard C-31 well. OROGO's records indicate the North Liard C-31 well is already abandoned. Please confirm that the well Obsidian plans to abandon is the North Liard C-31A well.

Although the required hard copies of Obsidian's ACW application package have not yet been received, OROGO has conducted a review for completeness of the electronic documents received against the requirements of the *Oil and Gas Operations Act* (OGOA), the *Oil and Gas Drilling and Production Regulations* (OGDPR) and applicable guidelines and information requirements.

OROGO has noted missing information in the following areas:

1. Detailed description of the well, the proposed work or activity and the rationale, as required under subsection 12(a) of the OGDPR.

If you have any questions, please contact me at (867) 767-9097 or by email at Pauline.Dejong@gov.nt.ca.

Sincerely,

Pauline de Jong
Chief Conservation Officer
