September 22, 2020

Dear Craig Langford:

**Well Program Information Fort Liard K-32,  
Obsidian Energy Ltd. (ACW-2019-007 - OBS - K-32 - WID 1860)**

On December 6, 2019, OROGO issued a letter to Obsidian Energy Ltd. (Obsidian) regarding the proposed abandonment procedures and well control equipment for the Fort Liard K-32 well as a part of Obsidian's response associated with its application for an Operations Authorization (OA).

At that time, OROGO advised Obsidian that in order for these proposed abandonment procedures to be considered as part of Obsidian's ACW application for the Fort Liard K-32 well, information submitted must be clearly referenced as being provided for the purposes of that application. To date, OROGO has not received a response to the letter.

OROGO requests that Obsidian confirm either of the following:

- Confirm that the well program submitted was in support of the OA application and that a Well Approval Application is forthcoming; or
- Confirm if the submitted well programs were meant as an application for Well Approval and resubmit electronically.

Please send your written responses and any associated correspondence to me by email at [oroogo@gov.nt.ca](mailto:oroogo@gov.nt.ca) or through OROGO's secure file transfer site.

.../2

Please submit your response on or before 4:00 p.m. on October 9, 2020. If you are unable to respond within this timeframe or have any questions, please contact OROGO at (867)767-9097 or by email at [orogo@gov.nt.ca](mailto:orogo@gov.nt.ca).

Sincerely,

A handwritten signature in black ink, appearing to read "Janpeter Lennie-Misgeld".

Janpeter Lennie-Misgeld  
Chief Conservation Officer
